A Quick Wedding.

DAGES-NEWTON.—At the residence of the bride's parents in this city, Thursday evening, Dec. 23, 1880, by Rev. M. B. Wilson, Jno. Dages and Miss Kate M. Newton, daughter of Dr. W. S. Newton.

The wedding was a quiet and elegant affair, only relatives seeing the young and prosperous couple off on their journey in life. The groom is a member of the firm of Jno. Dages & Co., a quiet and excellent young business man, standing high socially. The bride is handsome and accomplished, and a fitting mate for the groom. That Clock.

The duty of the City Council in regard to the Town Clock is plain and without excuse. The facts are not disputed. Two years ago the County Commissioners, after conference with the Beth Thomas Clock Co., decided to buy the present Town Clock for the sum of \$1050, provided the City Council would pay \$400 of this sum. The Council voted to pay this \$400, and entered its action upon record. That is plain and binding.

Afterwards, the same City Council, not satisfied with what it had done, but believing that the Clock ought to have illuminated dials, in call session voted another \$450 for these dials, and again pledged its honor and that of the city to pay this \$450 to the Commissioners, making a total of \$850, if the Commissioners would contract for a Clock with said illuminated dials, involving altogether an expense of \$1500. The contract was accordingly made. Still plain and binding.

What next? When pay day came the City Council refused to pay the \$450 for the illuminated dials, alleging in bar that they were not what the agent promised. Suppose they were not, whose fault is it? Not the Commissioners certainly, for they had nothing to do with the purchase, except, after assurances from the City Council that it would pay for the same, embodying them in the contract with the Beth Thomas Clock Co. The Commissioners alike refused to pay, and suit was brought on the contract. Here was an opportunity for the city to make good its charges of fraud. It failed to appear in Court, and the Commissioners, having no valid defense to offer, promptly settled the suit by payment in full.

The City Council is alone in default. It has but one course to pursue—make good its promises and pledges. The Commissioners simply occupied the position of endorsers, and to ask or compel them to pay your debts is an outrage upon good-faith. Such a transaction in private affairs would not bear investigation.

We can find no excuse for the Council. It contracted to pay \$850 toward the purchase of the Clock, and its plain duty is to stand by its clearly expressed promises.

MEMORIES.

There are memories bright of halcyon days, Of days when our hearts were light, Of sorrow and care their shadows threw, And left us the darkness of night; Of bygone hours, when gathering round Our hearthstone so happy and free, And coloring the stories of olden times While gathering about his knee.

The wide open air, so cheerful and gay, Our home in that valley so sweet, Will father and mother, so loving and kind, And guiding their little one's feet; Thro' pathways so full of beautiful flowers, Whose fragrance we ne'er can forget, And prayer we whisper at evening hour, Will linger in memory yet.

'Tis sweet to recall those days of our youth, In the home by the mountain stream, Whose music was sweet to our childish ears, And its memory a fond, bright dream; Those days when we wandered the mountain side, And lingered beside the spring, Are fraught with the happiest memories That time can ever bring.

Those bygone hours are the fairest yet, For we left our dear old home, And the stranger's foot now marks the spot, Where we ne'er more will roam. Our hand in love has now broken up, Two sleep where the wild daisies grow; One dear one rests 'neath a Southern sky. Another sleeps under the snow.

And once again we have said good-bye! And again a mantle so white, Has covered the newer, fresher mound, And veiled him from mortal sight. He has reached at last the beautiful shore, And the weary, aching eyes Forever will rest in another home, Eternal in the skies.

Ere the eye grew dim or voice had fled, He said, "I must leave you here," 'Twas whispered low to the loving wife, "But it won't be long, my dear."

Now we meet, and now we miss him, For there stands his vacant chair, And will never more caress him, For his home is "over there."

In the land that is fairer and brighter than day, He rests from all sorrow and pain, And we live in the promise we oft have received, We shall meet our dear father again; And live in the hope of a happier day.

A hope that we all will meet, And be once more a united band, And lie at the Master's feet;

Oh, give us the faith that buoyed him up, And strengthen our faith in thee, And may we remember the early prayer, "We loved him so well, he loved us so true."

That thought can never depart, And the bud of hope will always remain, To calm the sorrowing heart.

A Big Success.

My wife had been ailing a long time with dyspepsia and nervousness and in bed two years with a complication of disorders her physicians could not cure, when I was led by reading a circular left at my door to try Parker's Ginger-Tonic. Having so often been deceived by worthless mixtures, nothing but my wife's desperate condition could have led me to make any more experiments. But it was a big success. Three bottles cured her, at a cost of a dollar and fifty cents, and she is now as strong as any woman, and regularly does her household duties.—P. Buffalo. See other columns.
